

# Get Your Tech On!

## Kansas City Metro Technology Consortium

Facilitated by: **Shauna Stephanchick**

**This networking opportunity is for all District Technology administrators and teams in the Kansas City Metro area.** Each meeting will highlight one or two area school districts who will share the technology infrastructures, technology training and tools that they are currently implementing for administrators, teachers, and students in their district, with plenty of opportunity for Q & A and sharing of ideas with others. Come join us for this collaborative networking event that will provide insight as to how area schools are tackling the large demands of developing 21<sup>st</sup> Century learners in the midst of increasing expectations regarding standards, curriculum, and assessments.

**Shauna Stephanchick** has recently joined the UMKC RPDC team as a Professional Learning Communities and Data Team Consultant. Shauna began her educational career as a classroom teacher where she taught 1<sup>st</sup> and 2<sup>nd</sup> grade students. Following her teaching experiences, Shauna became an instructional coach, district instructional coach, and elementary principal for the Grandview School District.
